

JOMMEL HINAYON

Full Stack Developer | Cebu, Philippines | 0917 799 5111
joar.hinayo@gmail.com | GitHub: jommel1998

PROFILE

Full Stack Developer with 4+ years of experience focused on building clean, functional web applications. Equally comfortable shipping modern Next.js frontends and maintaining robust Laravel or CodeIgniter backends. I specialize in bridging the gap between legacy systems and modern web standards, with a focus on database efficiency and maintainable code.

TECHNICAL SKILLS

Frontend & Frameworks: Next.js, React, Vue.js, Tailwind CSS, JavaScript (ES6+), HTML5/CSS3

Backend & Frameworks: Laravel, CodeIgniter, PHP, RESTful APIs

Databases: MySQL, Firebase

Tools & Environment: Docker, Git, Postman, Cursor, Linux/Unix, CI/CD Workflows

PROFESSIONAL EXPERIENCE

Eisenbach Consulting, LLC | Full Stack Developer

May 2022 - Present

- Architected and maintained full-stack web applications using a versatile stack of Laravel, CodeIgniter, and Next.js, significantly improving system reliability.
- Modernized legacy PHP codebases by migrating critical features to React and Vue.js, enhancing user experience and frontend performance.
- Designed and optimized complex MySQL database schemas to support high-concurrency data requests and ensure data integrity.
- Developed responsive, pixel-perfect user interfaces using HTML5, CSS3, and JavaScript, ensuring cross-browser compatibility.
- Streamlined development and deployment pipelines using Docker, reducing environment setup time by 40%.

Kuehne + Nagel | OJT - Programmer / Web Developer

November 2019 - April 2022

- Contributed to the development of internal logistics tracking tools using Laravel and Vue.js.
- Managed and queried MySQL databases to provide accurate, real-time data for shipping reports.
- Collaborated with senior engineers to troubleshoot and resolve UI/UX issues and backend logic errors.

EDUCATION

Southwestern University (PH)

Bachelor of Science in Information Technology | 2018 - 2022
